

Configuring Microsoft Outlook 2007 for use with your DiscoverLimu.com e-mail account

This document will step you through configuring Microsoft Outlook 2007 for use with your DiscoverLimu.com e-mail account.

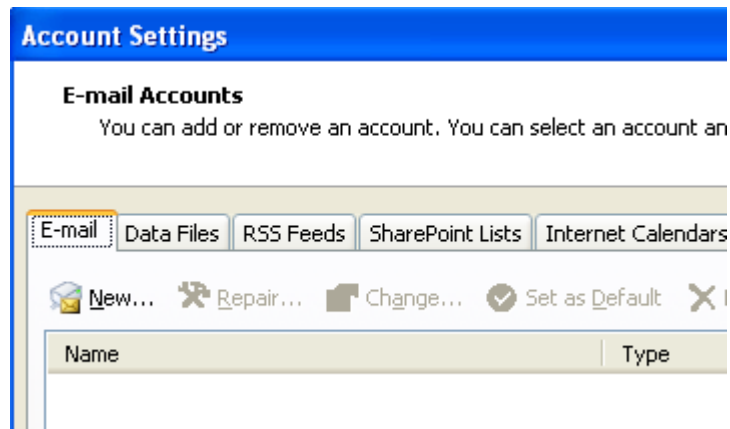

Open Microsoft Outlook 2007

From the Tools Menu select Account Settings

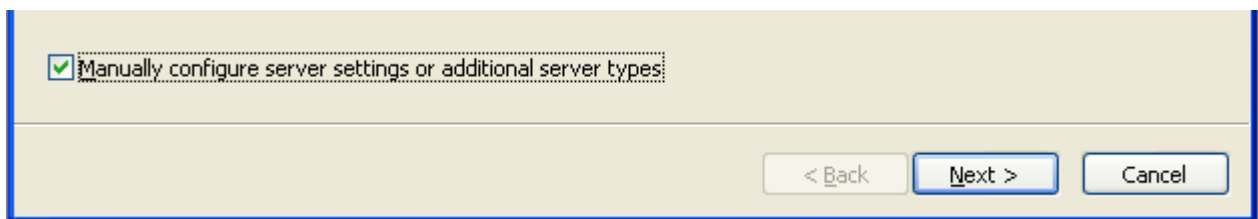

Select the **E-mail** Tab

Click **New**

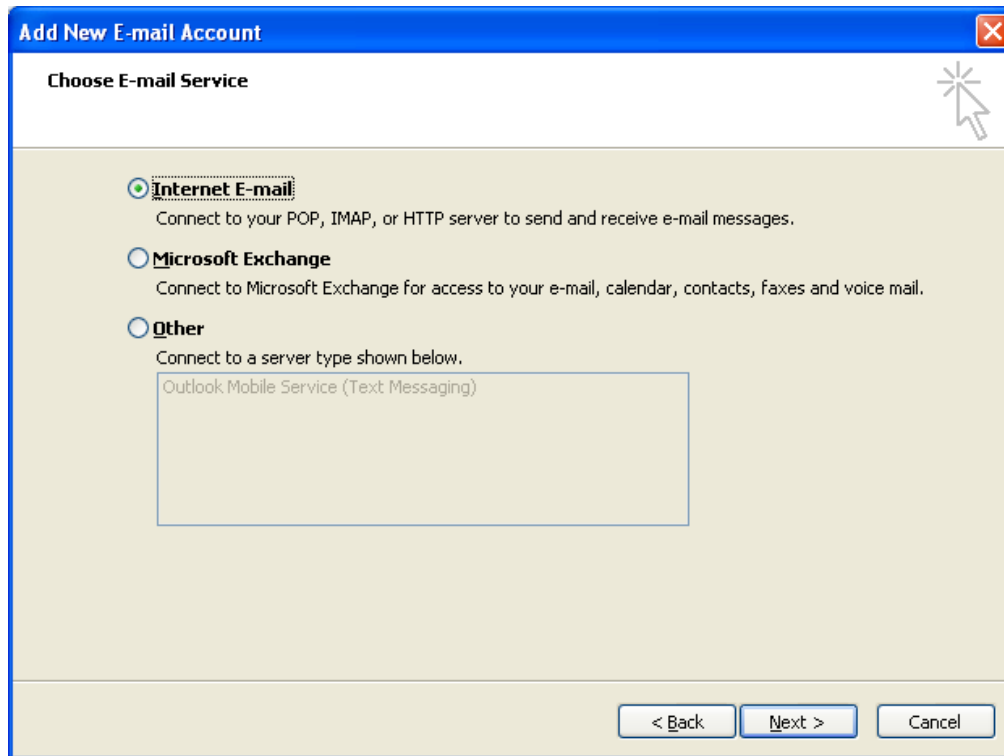

Click Manually configure server settings or additional server types

Click **NEXT**

Select **Internet E-mail**

Click **Next**

Enter the following Information:

Your Name: Enter the name you want displayed when you send an e-mail

E-mail Address: Enter your DiscoverLimu.com e-mail address

Account Type: Verify POP3 is selected

Incoming mail server: Enter **pop.discoverlimu.com**

Outgoing mail server (SMTP): Enter **smtp.discoverlimu.com**

User Name: enter your full DiscoverLimu.com e-mail address

Enter your password: This is the password you chose when activating your DiscoverLimu.com account.

Remember Password: Check this box to remember your password so you not need to enter it every time you check e-mail. If this is a shared computer you may want to leave this unchecked.

Your screen should look similar to below:

Add New E-mail Account

Internet E-mail Settings
Each of these settings are required to get your e-mail account working.

User Information

Your Name: John Q.
E-mail Address: johnq@discoverlimu.com
